Verify

- **Processor:** high **single-core** performance needed
- **RAM:** minimum **16 GB** for stable gameplay
- **Disk:** 150+ GB for **high-res texture** streaming
- **Graphics:** 12 GB **VRAM minimum** required

A string of ritualistic murders threatens the small community of Bright Falls, drawing in charismatic FBI profiler Saga Anderson to investigate. Meanwhile, trapped in the shifting nightmare of the Dark Place, writer Alan Wake pens a desperate horror story to reshape his reality. Play as both characters across two separate, terrifying dimensions that twist, mirror, and bleed into each other in unpredictable ways. Experience psychological survival horror at its peak, navigating intense resource scarcity, reality-bending shadows, and an oppressive live-action multimedia atmosphere.
