Verify

- **Processor:** high **single-core** performance needed
- **RAM:** 32 GB to **avoid micro-stutters**
- **Disk Space:** free: 80 GB on **system drive**
- **GPU:** 16 GB+ video memory **highly recommended** for 4K

An independent mercenary infiltrates a remote, highly volatile planet to seize control of a mysterious, immensely powerful energy substance. Construct and fully customize your massive, high-tech Armored Core mech with specialized weapon systems, thrusters, and defensive armor plating. Engage in high-speed, multi-directional omni-directional aerial combat maneuvers against overwhelming corporate military forces and titanic boss machines. FromSoftware delivers a highly mechanical, fast-paced action experience that rewards aggressive tactical adaptations and precise loadout engineering.
