- **Graphics:** DirectX 12 Ultimate **required**

Experience a massive overhaul to the grid as this comprehensive edition integrates the groundbreaking rule and regulation shifts of the 2026 racing era. Take control of lighter, highly responsive cars featuring active aerodynamics and complex electric-combustion power management via the tactical new Overtake Mode. Command newly debuted teams and revised driver rosters on updated tracks, including the highly anticipated Mading circuit. This specialized edition bundles the foundational core game mechanics alongside all the major seasonal expansions, team liveries, and next-generation driver career modes.
