- **Processor:** 1 GHz chip recommended
- **RAM:** Enough for patching
- **Disk space:** 64 GB for crack

Microsoft Office is a reliable suite for work, learning, and artistic projects.

One of the most reliable and popular choices for office software is Microsoft Office, loaded with all the essentials for productive work with documents, spreadsheets, presentations, and additional features. Designed for both professional environments and home use – at home, during school hours, or at work.

What features are part of Microsoft Office?

1. **Slide object grouping**

Enables better management and alignment of elements within PowerPoint slides.

2. **Hyperlinks in presentations**

Enable navigation between slides or to external web content.

3. **Macro and VBA automation**

Automate repetitive Excel tasks to improve productivity.

4. **Live captions in PowerPoint**

Add real-time subtitles during presentations to increase accessibility and audience engagement.

5. **Customizable templates**

Save time by using customizable templates for documents, presentations, and spreadsheets.

Microsoft PowerPoint

Microsoft PowerPoint is a popular application used for designing visual presentations, combining ease of use with powerful tools for professional formatting and presentation. PowerPoint is versatile enough for both newbies and experienced users, working in the domains of business, education, marketing, or creativity. The program features an extensive toolkit designed for insertion and editing. text snippets, images, tables, charts, icons, and videos, also useful for transitions and animations.

Power BI

Microsoft's Power BI provides a powerful environment for business analytics and data presentation aimed at transforming loose information into structured, interactive reports and dashboards. The tool is suitable for analysts and data experts, targeting non-technical users who need accessible tools for analysis without deep technical understanding. Power BI Service cloud enables simple and efficient report publishing, updated and reachable worldwide from different gadgets.

1. Pre-generated license keys for latest software builds
2. Free key file replacement for broken installations

3. Script-based license unlocker – no GUI required
