Microsoft Office provides the tools for work, learning, and artistic pursuits.

Microsoft Office continues to be one of the most preferred and dependable office suites in the world, equipped with all essential features for seamless working with documents, spreadsheets, presentations, and beyond. Well-suited for both work-related and personal use? – while you're at home, school, or your place of work.

What's included in the Microsoft Office software?

Microsoft OneNote

Microsoft OneNote is a digital note organizer designed for rapid and user-friendly collection, storage, and arrangement of thoughts and ideas. It merges the familiar flexibility of a notebook with the innovative features of current software: here you can add text, insert images, audio recordings, links, and tables. OneNote is an excellent choice for personal organization, studying, work, and collaborative projects. With Microsoft 365 cloud integration, every entry is automatically synchronized between devices, facilitating data access anywhere and at any moment, whether on a computer, tablet, or smartphone.

Microsoft Visio

Microsoft Visio is a software solution for creating detailed diagrams, charts, and visual schemes, which helps to illustrate intricate data in a concise and structured format. It is key in the depiction of processes, systems, and organizational structures, visual diagrams of IT infrastructure architecture or technical plans. The program delivers a comprehensive set of ready-made elements and templates, that are simple to drag into the workspace and join, forming well-structured and clear schematics.
