The “one-armed wolf,” a disgraced shinobi, embarks on a brutal quest across Sengoku-era Japan to rescue his kidnapped lord. Master an uncompromising combat system entirely built around posture depletion, requiring rhythmic sword deflections, precise parries, and lethal counter-strikes. Utilize a versatile prosthetic arm to grapple across vertical rooftops, smash enemy armor shields, and deploy tactical firecracker explosions. Face legendary, brutal bosses in a dark fantasy landscape where every single encounter demands flawless mechanical execution and absolute concentration.
